## HARMONY

J.F. KENNEDY HIGH SCHOOL 3000 BELLMORE AVENUE

BELLMORE, NEW YORK 11710 (516)-826-2200

## WE BLEND TOGETHER LIKE THE FLAMES OF THE TORCH.

Harmony, balance, symmetry, proportion + four words expressing the oneness of life.

We, a monumental gathering of little i's pass through the halls of John F. Kennedy High School, giving and receiving, establishing the records, leaving our mark, creating a unique tradition of excellence.

Hear our voices in the halls and in the classrooms as they combine in one definite statement. See us join together in friendship as each individual attaches to another to form a team. We work, we persist, and we do not give up until we achieve our goals - knowledge, skille, and growth . . .

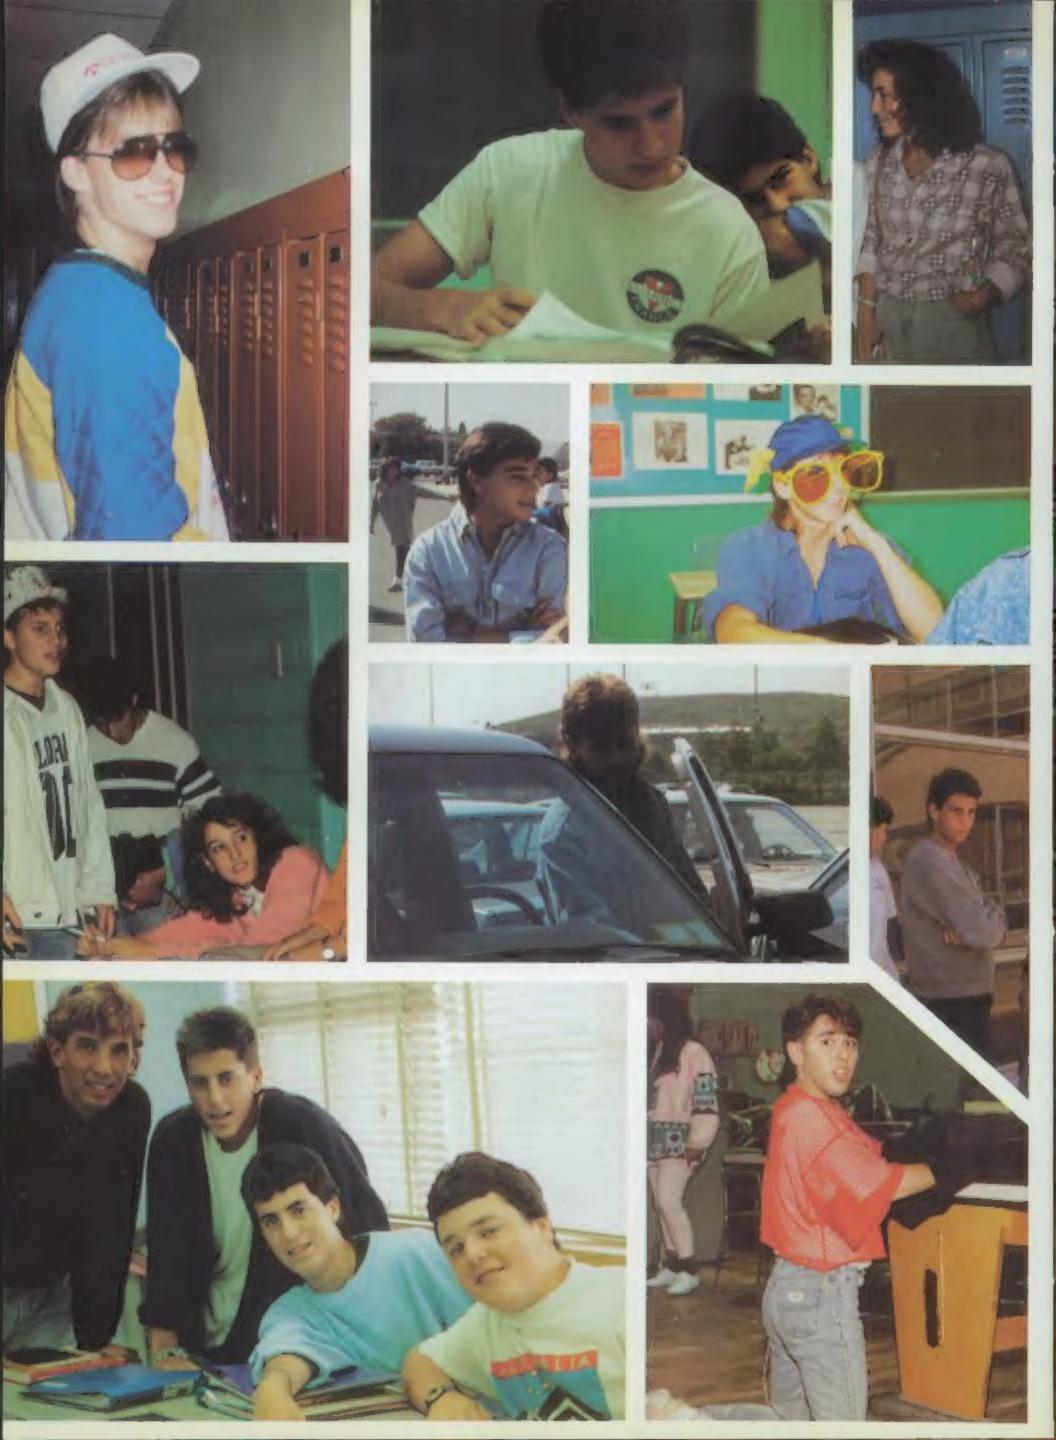

We blend. There is a part of each of us in the other. We work as one, building vivid memories of our school years. We harmonize and sacrifice to reach our dreams.

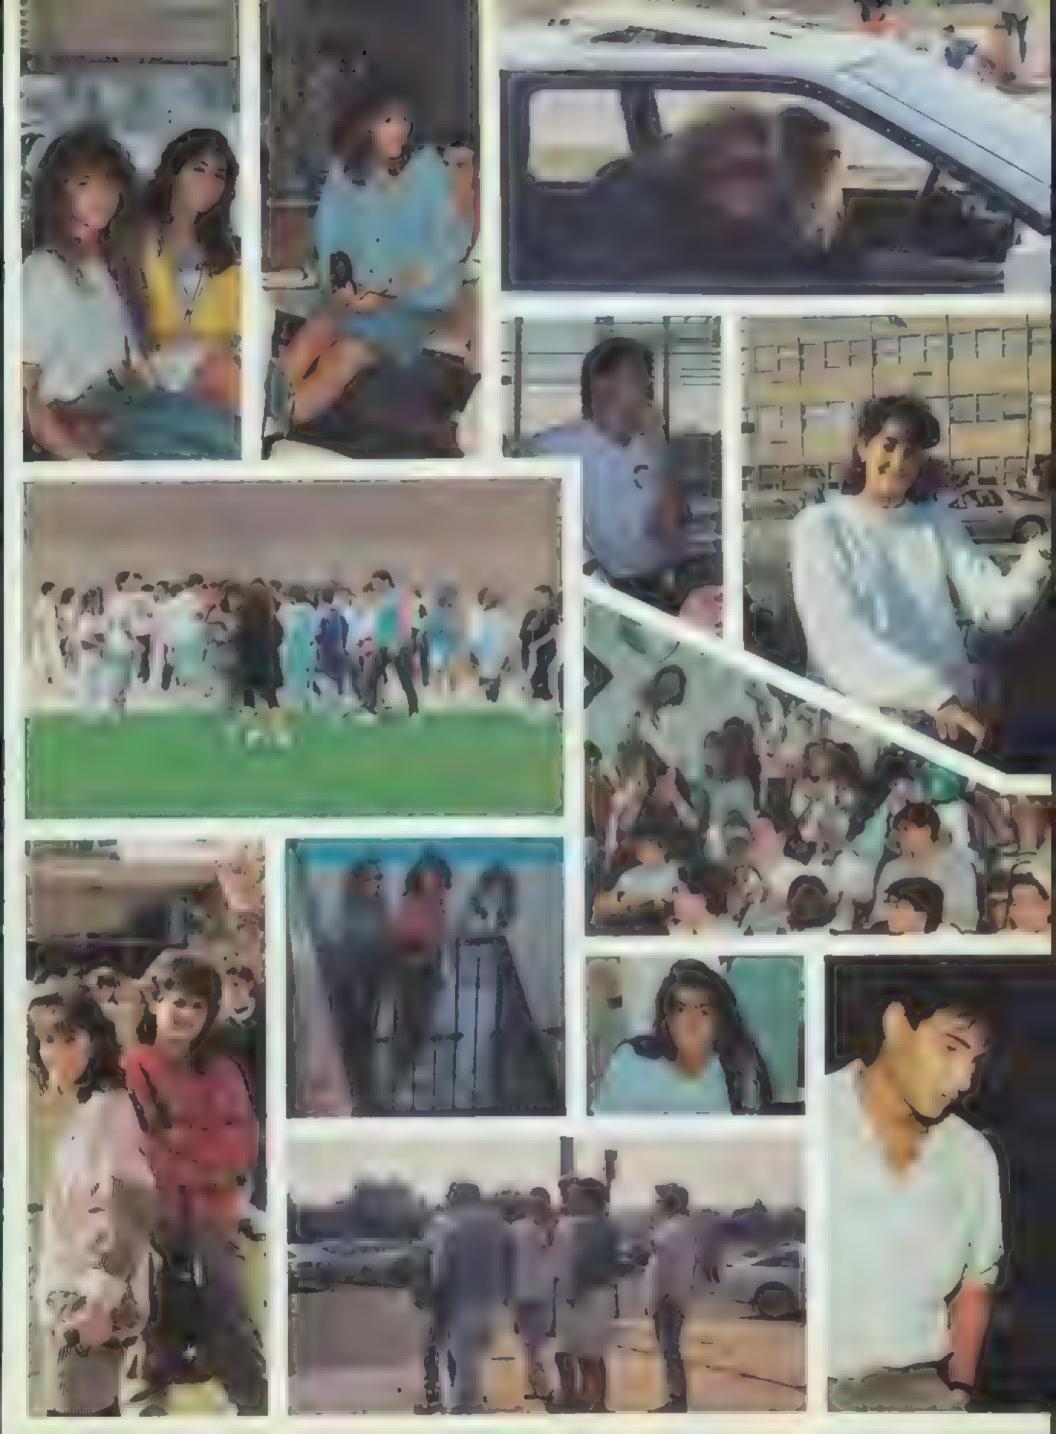

Become a part of the athletes, the trainers. Join with us to come together as one. Our education like the athletes' training prepares us for the obstacles we may encounter in life. The athletes are training to win that race or break that record, while we strive to succeed and be victorious in reaching our goals. Our graduation from high school marks the end of one period in our lives. As we separate and go in different directions, we will pass the torch on . . .

Balance reigns when wills are united in a common cause. Symmetry appears as each individual contributes something of himself to the common effort. Proportion is that pleasant sharing experienced on the way to bigger and better happenings. Like the flames of the torch, we come together to light the way.

### WHERE WE EAT

I bet I could cat the whole thing in two bites. - Paul Frieder

In all on K. Kr. We re miling a commercial? Lett Knee Scott Flory and Stofan (Issee

Stacey Remer, Marc Zisselman, and Marc Reckman or Jering in Scaturro's

Ask any student what his favorite period of the day is. A guaranteed answer is lunch. At Kennedy along with the arrival of lunch comes a major decision. The question being: "Where do we eat?"

John F. Kennedy students can be seen in Bellmore, Merrick, and Wantagh between 1. 30 and two clock tally Thry appear in fast food chains, health food stores, pizza parlors and bagel stores. A typical week would be as follows: Monday — Roy Rogers, Tuesday — Stella's, Wednesday — Heavenly Yogurt, Thursday — Bagel City, and Friday — McDonald's affectionately known as Mickey D's

Students know the weekly specials such as Wednesday being five dollar pie day at Stella's. They know about promotional goods offered like spooners and burger bundles at Burger King.

In 1957 the big event was the opening of Ra mo's the ocwest pizza paraour Italian restaurant. This year the excitement was the opening of Taco Bell, our first Mexican take-out place ever.

I hate when people take my picture while I'm drinking. - Marro Greenherg

Out of twenty students surveyed the favorite lunch spot was Taco Bell, with almost a unanimous vote for Nachos Bell Grande. Heavenly Yogurt was a close second with an even split between chocolate and vanilla yogurt. Third place was a tie between Roy Roger's (their salad bar is a big favorite) and Scaturro's, whose parking lot is always overflowing with Kennedy cars. Other hot spots mentioned were; Bellmore Bagels, they have fantastic eggsalad. Burger King, due to free drink refill-McDonald's, outrageous snacks such as M. I are third as a long trip but worth it.

So, next time you are in the Bellmore-Merrick area for lunch stop in at any one of these places a good meal is almost certain.

There's niways the Deli to go to for almost any type of food if you don't feel like driving. Matt Walden, David Nosta and David Keller

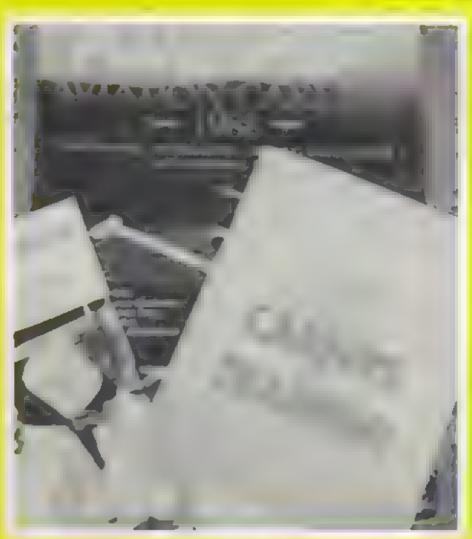

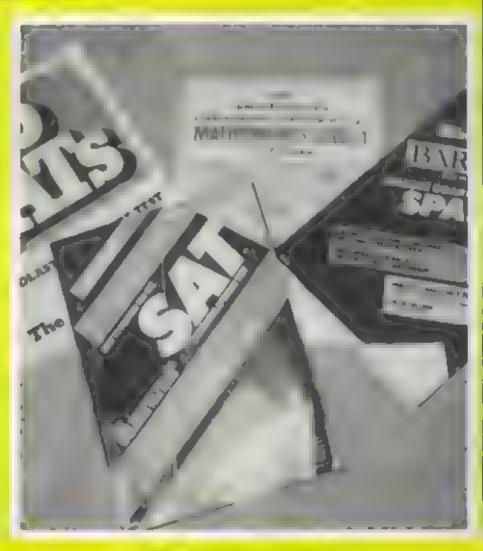

## FUTURE PLANS

T C C C

Sea of the season of the seaso

Box Art C C C

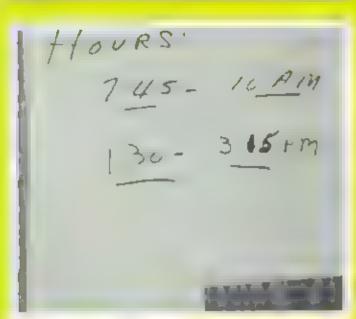

Blythe Land ger from the and large

Senior year is piecewest by many as the year to take courses with names like Simbathing 101 and to have no wornes in the world. Most of its discovered that Senior year is not carefree it is folled with apprehension fear and anticipation of what is to or me after graduation. If is not uncommon to see a senior race home during lunch to check the mail eagerly awaiting that letter that may affect the rest of his lite.

From community colleges to leve leagues, fultime jobs to the armed forces, and technical schools to medical programs. Kennedy students have a wide range of fature plans. The majority of students plan to continue their education in a college of university. Some will be full time students white others will take courses and work part time. A small porcent of the graduating class of 1988 will continue schooling at special programs such as my year medical programs or technical schools in order to concentrate studies in a specialic field.

What many of us do not realize is that at oughteen we are old enough to non the armed forces. There are some graduating students that have considered this either as a career of a way to pay for a college education.

After graduation each of us well go our separate ways. Whatever path you may follow we hope your future brings you both happiness and success.

It was seventh period and I was supposed to meet my heat fetered outside the school in we could go out. for lunch. What would seem an easy task turned out to be complete chilos-

It all started when the hell rang to end sixthperiod. Lake most seniors, sixth period was the last. class of my day. I couldn't wait to get out of school. As I quickly walked down the ball, four people stepped on my foot, two people banged into metone because the person he was fighting with sort of threw him and I just happened to be in the way! and eight different people said to me, "Hi Jen! Callme later" Who's Jen I wondered Then I thought I saw my best friend. What was she doing in the Ithniry9 I wasked over to her and started to talk I was midway through my second sentence when I realized it wasn't her Quickly I headed for the door. Then I saw another mass of brown bur and I. veiled har name which wasn't too bright because bull the ballway thought I was talk ug to them I started in the other direction and about twenty gorls with brown hair were behind me. I thought I saw her again and I ran over to tell her what had happened but it wasn't her. It wasn't even a girl'

I started to feel taint. Everywhere I looked there. were girts with long brown hair, pink lipstick, blue eyeliner, mim skirts, stretch pants, boots, EG's and leather jackets with fur inside. And all they kept saving was, "Hi Jen Call me later" I had to get away

I firm by found the stages and ran for invite but I found more lipstick, so I screamed and can outside. Hooked around for my friend and I thought I saw her quite a few times but I was always wrong A little while later my friend came over and gralibed. me, I turned around and there was no lipstick I started to tell ber what happened but she interrupted and said, "Do you want to hear the weirdest. thing? About thirty people came up to me and called me Amy and told me to call them " I just looked at her and said, "I know how you feel "

I suggest the Pierre Carden." - Kara Morris

These places have more in cummon be sides the fact that most of them are located in the Bet more Merrick area and are frequented by Kennedy students. Enter any one and a Kennedy student can be four a bard at work

Most students work an average of twelve hours a week. Some of the money they carn goes toward future plans, but 99 percent of it is spent on present necessative such as gas extra clothes, food, and other weekend expenses.

Although it is true that some students don't have to work it is good preparation for the future. Not only are Kennedy students d ligent workers in school, they work out side to help them get a grasp on the outside world.

Drawn Carlotte A

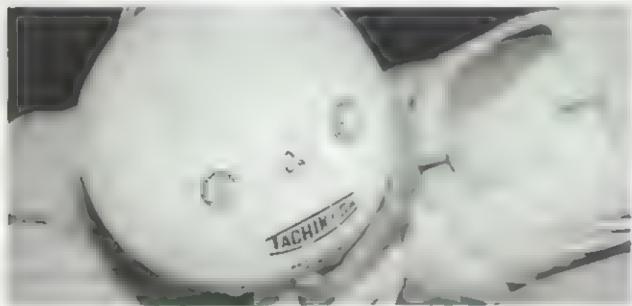

Spirit ... Talent ... Teamwork
Endurance ... Determination
Strength ... Speed ... Harmony
Where can you find a display of these
fine attributes? Go down to the gym and
watch any one of Kennedy's teams practice; it will be obvious that they have
many of these qualities. These teams
guys or girls, contact or noncontact, varsity or junior varsity, group or individual
— all know that the key to success is
simply HARMONY Harmony within
your body, Harmony among players,
Harmony of the mind

Any Kennedy athlete will say that the most important - and most difficult part of being a team is knowing how to take each person's individual talents and put them together to form a united group. Without balance and symmetry within a group, success is out of reach No one would be there to catch a pass and make a basket if our basketball team didn't know how to work together. Although sports such as gymnastics, swimming, bowling, and track are all based on participation of individuals, the athletes would go nowhere without the support and friendship of their teammates. Each needs the feeling of the flow of harmony to pull together and unite as one playing for the honor of Kennedy High School and passing the torch on in the tradition of the spirit of the games

### SPORTS

### FOOTBALL

When in doubt, punt

The Cougar football team enjoyed their second consecutive winning season, compiling a record of four wins and three losses. In the first game, the Cougars defeated St. Paul's with a score of 7-0 ending the Friar's twenty-two game winning streak. Tailback Andy Hornig scored the first touchdown of the season

On Homecoming Day, the team defeated Wheatley in front of a multitude of screaming fans, evening their record at two and two.

Two games later they had another victory; this time over Stonybrook, 17-12.

The Cougars then capped their season with a shut-out against Mc-Burney, 12-0.

Tri-captains Jason Friedman, Mike Passuello, and Jason Schuit provided outstanding play and leadership during the season. Tight end Brad Reback and lineman Roland Cozzolino both had outstanding seasons and were named to the All-Division roster. First team All-Conference honors went to Roland Cozzolino, Mike Passuello, and Brad Reback. Second team All-Conference honors went to Ed Coster, Jason Friedman, and Jay Lee.

A team that runs together, wons together

One of our many awards

Led by senior co-captains Chris Baker and Bruce Goldberg, the Kennedy High School cross country team capped a highly successful. season. With hard work, talent, determination, and lots of endurance, the team won the Class A Nassau County Championship 1 . . marks the second consecutive year the Cougars have represented Nassau County in the New York State Championships, Earlier in the year, the team ran through the league portion of the season with a perfect 12-0. The team went on to capture the American League Conference II Championship before annexing the County title.

Baker and Goldberg were superb Baker finished the league season undefeated and placed fourth in the County Meet, Goldberg won medals in every major meet and both were selected for the All-County team.

Seniors Mike Durben and Mike McKenna, as well as everyone else also contributed to the team victory

So, next time you're driving along and you see the Kennedy Track team running, honk and give them a cheer, because they deserve it.

### GIRLS TENNIS

Hang in there Lauren - the game is almost over

Karen Serepca concentrating on hitting the ball.

Jamie Feldman getting in a few extra minutes of

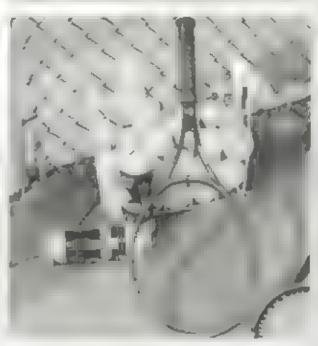

Lors Sonner showing us her moves

Look out Martina Navratilova! Move over Steffi Graf! Step aside. Chris Evert, because the Kennedy tennis team is coming through. This year, the girl's tennis team consisted mainly of underclassmen, especially freshmen. As a result, it was a new and inexperienced team, a major factor on their one win record in a twelve match season

The team was led by Lauren Gilman (captain) - first singles, Lon-Sonner second singles, and Karen Serepca - third singles. Lauren has qualified for the Nassau County Tournament for four consecutive years and was given the All-League honor this year. She has also been named Most Valuable Player. Other vital members were the first doubles team of Jennifer Klar and Allison Weiss, the second doubles team of Wendy Best and Danielle Weiss, the third doubles team of Kim Altman and Nancy Abbruzzese, the fourth doubles team of Jennifer Diamond and Shannon Mills, and sub Jamie Feldman who played more often

Kennedy was in one of the top leagues in the county this season. Next year, under the expert guidance of Coach Carol Alberts, the team will serve their way to victory.

The essentials of the game

### GIRLS VOLLEYBALL

Fop Row: Amy Schwartz, Carol Chen, Daphyne Boyd, Danna Radvansky, Laurie Cooperman, Emdy Millet, and Laurie Cooperman, Emdy Millet, and Laurie Cooperman, Emdy Messana, Taint Weisstein, Loryn Collans, Stefanie Fainberg David Schwart.

Amy Schwartz and Emily Miller - Teamwork

l'ami Weinstein in position - what form'

Bump, set, spike' This is the Kennedy girl's varsity volley ball team. Mr. Cashings was the coach of the team this year. He is both a player and a coach for co-ed teams. Under his supervision the team improved significantly. They were given a new court position which proved to be effective

Volleyball is a sport that requires skilled tech niques, swift movements, and the willingness to rescue the ball under any circumstances. Many times players are seen failing on the court to save the ball and keep it in play.

Every technique has an important role in the game. Coach Cashings constantly worked on the passing skills and serves with the team. "As insignificant as these two techniques may seem," Coach Cashings said, "they are often the starters of the game."

It was a challenging and fun season for all the players.

### SOCCER

Fop Row: Peter Paretsky, Andrew Weisman, Andrew Kelley, Peter Montaperto, Ross Braterman, Seth Wernick Middle Row: Steven Chassman, Aaron Franciscom, Glenn Funk, Todd Smett, Barry Fein, Eric Golus, Daniel Pawi Bottom Row: Craig Friedman, Robert Socialization

The dedicated soccer player — Marc Zisselman

Don't a k somiserable guys, we'll let

The boys soccer team started off this season really strongly. They had an undefeated record until injuries to key players stopped them cold. Marc Zisselman, their leading scorer, averaging two goals in a game fell victim to a torn muscle and nussed the rest of the season. Craig Friedman came down with a case of mononucleosis and the team suffered. By then, the end of the season, the team was in a dogfight for the last playoff spot. They chirched it, but then they were unsuccessful in the playoffs, losing in their first game.

Congratulations to Todd Smett, Andrew Kelley, and Robert Steinberg on being selected to the All-Division Team Robert led the team offensively, as the leading scorer, while goalie, Eric Golus, kept the opponents from scoring. Other team members include: Steven Chassman, Glenn Funk, Jarad Fingerman, Barry Fein, Ross Braterman, Danny Tawil, and Marc Oustatcher.

If you had a choice between basking in the sun or playing basketball during vacati which would you choose? The dedicated members of the Kennedy basketball team made the decision to sacrifice their vacations as well as other activities for the benefit of the team.

This year's team has more underclassmen than most teams of with one freshman and the ophomores, players are gaining the experience of playing on the varsity team and will be valuable assets in future years. The team also has five juniors and four seniors. The seniors are Scott Fleisig, Adam Goldenberg, Brad Parker and Michael Rich

The team is playing in a tough division against top schools such as Mepham, South Side, MacArthur, and Long Beach. A major drawback for the team was an injury to key player Adam Goldenberg, keeping him from playing in many games. All the players held up well under the pressures from these extenuating circumstances.

Tri-captains Adam Goldenberg, Brad Parker, and Michael Rich all agree that the team has great potential for the future.

Brad Perker warming up

### GIRLS' BASKETBALL

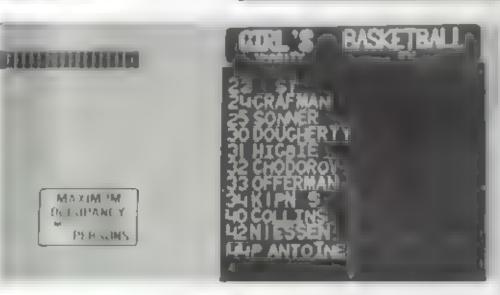

Lop Row Carol Rost, Loryn Colans, Weet Chapter Mr. House Mr. House Bottom Row Aloon Otterman, Mary Pierre Antoine, From Nas. 5, and Illary Cherd with

A new league - a fresh start - was this year's new trops for a succeedu-season for the Kennedy Girls Basket ball team. The novice league was a place for the girls to develop skipla techniques, and of course, gamn experience. Though their record was a tooling one their couch, Mr. Hamilton sees radical improvements and a steat falore for the team.

The boopsters include L. Cohins, I Chodorov, P. Highie E. Niessen, A. Offerman, M. Pierra Antonia, C. Rost, J. Sonner, T. Dougherty, M. Bispins, D. Boyd, and I. Graffman Congratulations go to Mary Pierre Antonic for she broke many school records. We should give the whole team a cheer for a job well done.

### BOYS' TENNIS

"Here ball, here ball." Evan Krauss

Step and swing

Teff Goldberg

Every year the John F. Kennedy boys' tennis team seems to get better and better, With Coach Rockstroh at the helm, this current team seems to have a good chance at winning the division title. With returning lettermen Dan Cauis, Cary Levy, Jay Sorid, seniors Tom Bergman, Scott Fleisig, Glenn Funk, Jeff Goldberg, Larry Hirsh, Evan Krauss, and freshman tirst singles Peter Kaplan, this team is more confident than ever.

The boys' tennis team practices every day until about 5:30 PM and competes in matches three times a week. Kennedy, Long Beach, Lawrence, South Side, Lynbrook, Baldwin, Massapequa, and rival Calhoun make up Division B of League II.

### SOFTBALL

I hope she doesn't but me with the hat." - Loryn Co.

The 1987 spring sports seagirls' softball team to varsity
play. This team has faced a
variety of problems, overcoming each and every one of
them. A few years ago, a lack
of commitment and dedication forced the softball play
ers to become a JV team
However, the present team
members exhibited drive and
determination and fought
their way back into a competitive varsity league

As a new team, the girls played surprisingly well. They were up against some extremely tough teams such as Baldwin, Long Beach, Oceanside, and Mepham Under the expert guidance of Coach Ferrara, the Kennedy softball team won several of their games. Another great season is expected in '89.

"I'm so confused, was that two outs or three?" - Rachel Alvy

Karen Lynn is perfect form

### INTRAMURALS

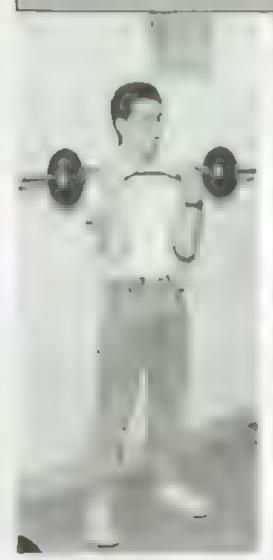

Many students think that to play a High School sport you have to try out for a team, be chosen and then practice daily. For Varsity and Jumor Varsity teams this is true, but there are sports at Kennedy High School that allow students who aren't on teams to play anyway. Intramural sports provide students with the fun and excitement of being on a team without the rigorous

Intramural sports include weightlifting, ping pong, basketball, hockey, handball and many others. Handball is best known for Mr. Wiggins' annual challenge to any student who wants to play him in handhall. Mr. Wiggins has only been defeated once in 20 years worth of challenges. All intrainural sports are made up of teams formed by students competing weekly, Intramurals are open to any student who wants to come and play on a regular basis or just once in a while. So if you're waiting around for the late bus, stop in and play ball.

### **GYMNASTICS**

Both Row Land Street Cow And Barri Harebook Chris Montagnino, Tami Ranz

Back flips in the air cartwheels on a four mch wide beam ... spinning from one bar to another ... leaping over a vaulting horse. Do these sound like some dangerous stunts found in a circus? Well, they aren't found in a circus, they all can be found in the Kennedy Gymnasium performed by a district team of time girls coached by Miss Alberts, Chris Montagnino is one of the three captains. She has qualified for the county individuals for three consecutive years and consistently has one of the highest scores on Long Island. The gymnastics team has been in the top division in Nassau County and for the last ten years has ranked in the top five.

Hang in there gymnasts, next year we expect to see you "leap" above the rest.

### ACTIVITIES

Maybe John F. Kennedy High School isn't known for it's school spirit, but we're getting there. With the 1987-88 school year came an increase in spirit and interest in school activities.

The year got off to a great start when this year's senior class experienced real homecoming (nature did not interfere) including a parade, game, and dance for the first time

Our senior class elections were excit ing as many of the hopeful officers-to-be surprised the audience with dramatic and entertaining speeches

Then there were our productions by the drama department drawing a record crowd

Last spring we had a great turnout for Class Night and we collected a record amount of money in the '87 Scholarship Drive

Students really showed their spirit in the fall pep rally. Green and white bal loons were harmonious with faces paint ed in Kennedy colors

And we've certainly done our share of fundraisers. We have sold more than just a few Kennedy sweatshirts, mugs, key chains and painter's caps. The list goes on and on

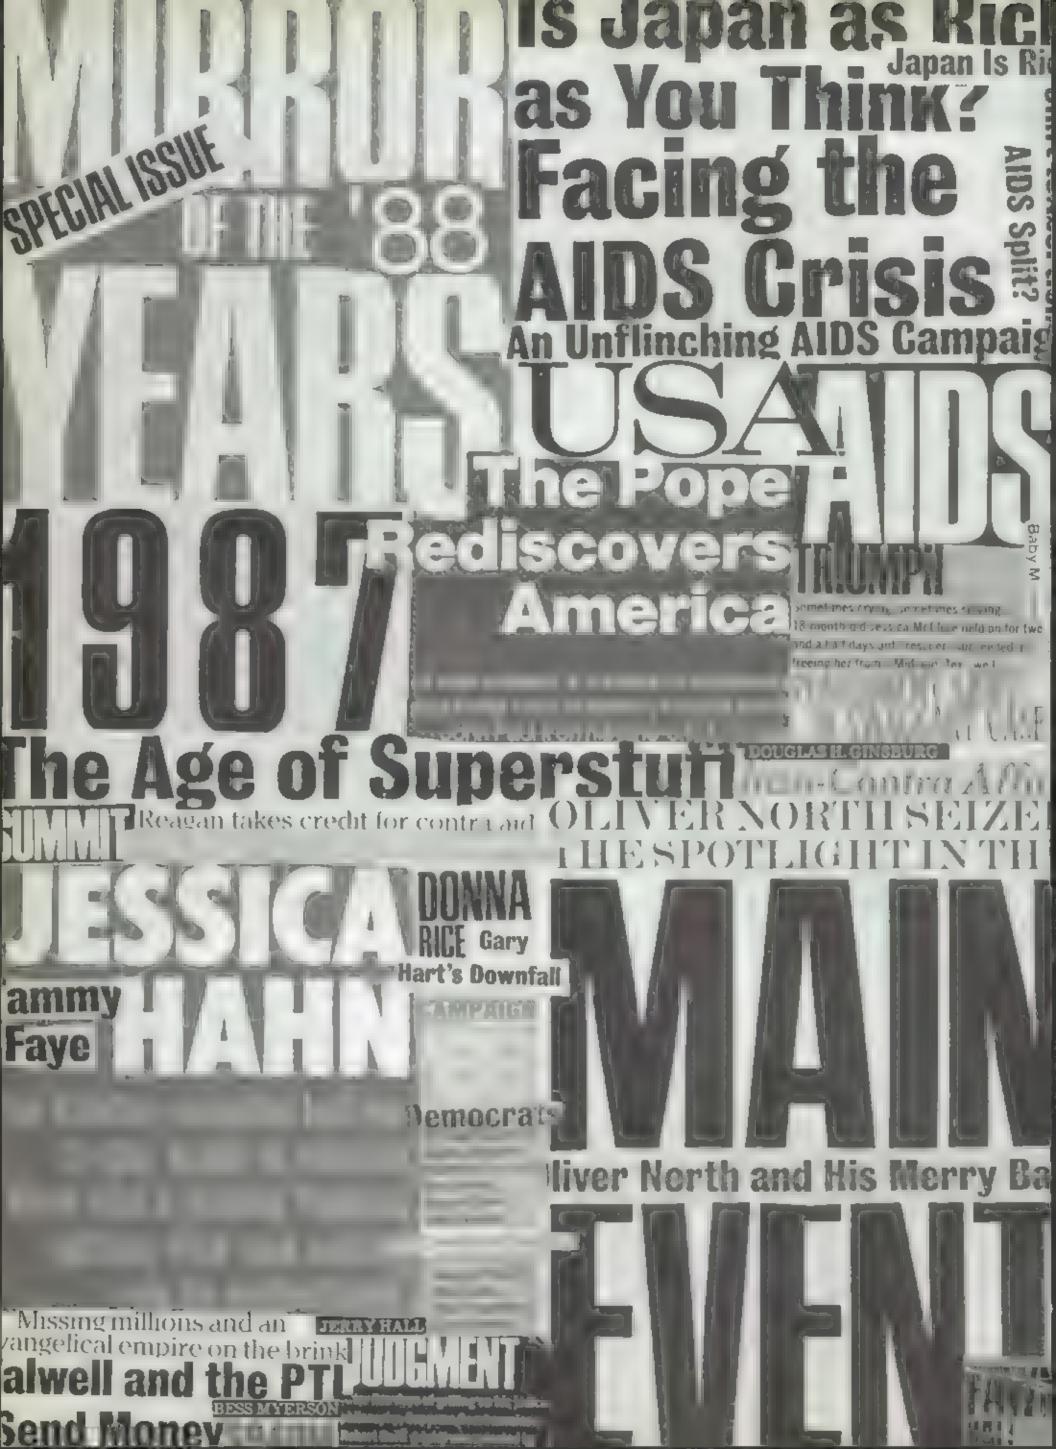

The auditorium has set the scene for Honor Society inductions, the winter concert, awards night, and the plays

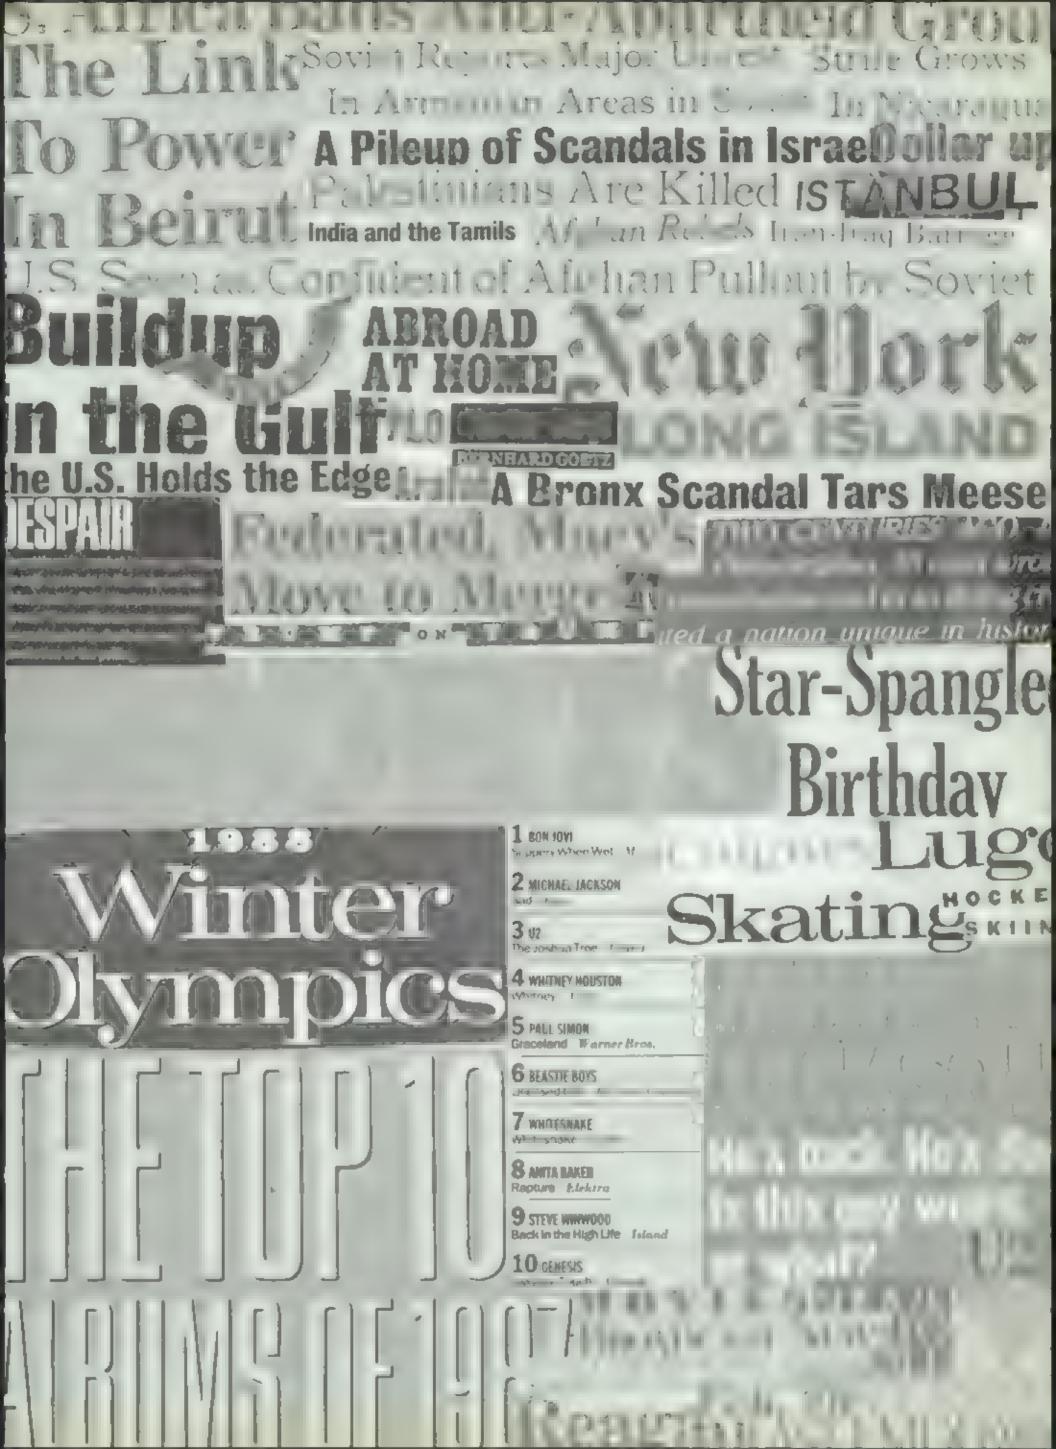

Adding to this year's activities was a celebration of the bicentennial of the Constitution of the United States, a blood drive, a fruit sale, and a volleyball challenge. An unusual amount of snow days and fire drills brought real excitement

All in all, we've had some pretty good times at Kennedy. Keep up the spirit!! Go Cougars!!!!

#### Picture the scene

10:30 in the morning on Saturday Octoher 16th. A crowd of about sevents five students gathered at the Be-more train status to take part in the 1987 Homecoming Parade, the first in years, the prior two can celled due to its afall. The troops were out in all force. Juding members of the student. government the cheer callers the band the kickling, and yearbook photographers who marched down the street as spectators watched in owe Streamers, balloom and banners were hung everywhere and any where possible People decorated cars and themselves. After preparing for an hour and a balf, which seemed like forever, the paradefinally began. While the band played on, a procession of carl ads of people drave down Beilmore Avenue to Kennedy. One car had a grand cougar on the roof while another had a human sized Gamily. The day was full of funand ended with a bong in a big victory for the Congara. They detented Wheatley with a final score of 7.0, winning their second game. of the season. Way to go govs?

With all my hard work I hope it doesn't pop-Mindy Lurman

### HOMECOMING DANCE

Question What attracted so many people to the Homecoming Dance?

Answer First of all there was the Sauce. On the night of October 16th, there was a tremendous out pouring of school spirit displayed by a record crowd for a Kennedy dance. Booming music filled the entire gym as the high spirited crowd danced the night away. It was an eventful night for the school with six of our own students, Paul Collica, Marc Cusa, Howard Gold stein, David Gould, Andy Marcus. and David Reisfield; jammin' in concert. It started out as a dance but the crowd was captivated by the group's musical talent. They played various songs from contemporary hits to rock classics. All inall, the crowd was truly enthralled by the official rock band of Kenne dy High School, Secondly, there was our regular DJ David Gold berg. The students would like to thank the student government for sponsoring this unforgettable night!

The Sauce is really summering tonight! - David Reisfeld, Howard Goldstein, Marc Cusa, and Andy

This song's for you, Pablo," - Andrew Matties ind Pablo Cussatti

Surprise! Kennedy school spirit

### SPIRIT WEEK

Quick trade - ane denim maket for one hula skirt - Mike Pass selle and Rands

Howard Goldstein, showing the ins and outs - of his clothes

Mic ) to er or ( North ter how a cotter or at Hit and

College shirt day - the future is now. - Jeff Michael, Uri Kushner, Jarad Fingerman, Kevin Ascher, and Liz Manmon

In John F. Kennedy High-School tradition the week of October 10th, students set out to show that they really do have spirit! The Student Government, the Senior Class, the Junior Class, the Sophomore Class, and the Freshman Class divided up the days and each chose their own theme. This year's choices were: Inside out and Backwards Day, people were dressed completely backwards from the skin out, College Sweatshirt Day, we wore the sweatshirts representing colleges of friends, siblings. and those we aspire to attend: Hat and Sunglasses Day, among those seen were Cougar paintercaps and baseball caps along with Goofy or Porsche sunglasses; Hawaiian Day, when less were sold; and Green and White Day, our spirited colors.

### PEP RALLY

The Volleyball Team

Kennedy High School came alive with an unusual amount of school spirit at its annual Pep Rally in the fall. Surprisingly, most of the school came through, cheering on the many sports teams that appeared. The varsity cheerleaders brought the crowd to their feet with roars of, "Cougars Win!" The Kickone, dancing to "Livin" On a Prayer," looked more organized and well choreographed than ever before. Kennedy's award winning track team appeared, along with both the varsity and junior varsity soccer, tennis, volleyball, and football teams. So much spirit has never before been seen at a Kennedy Pep Rally.

## HONOR SOCIETY INDUCTION

Mr Cohen, our fearless leader.

Seth Dinowitz, come on down.

Michelle Jardine, you're the next contes

"I pledge myself to uphold the high purpose of the National Honor Society to which I have been elected.

I will be true to the principles for which it stands. I will be loyal to my school, and I will maintain and encourage high standards of scholar ship and service, leadership and character."

These words were recited last May and repeated in December as this year's seniors were inducted into National Honor Society. It's mindboggling that over 90 students maintained an 87 average, participated in extra-curricular activities, and received teacher recommendations

Congratulations on a job well done

The Happy Inductees

### WINTER CONCERT

The Incredible Kennedy Chair

rang throughout the auditorium. The blending of the sopranos, tenors, basses, and altos supplied the audience with enjoyable entertainment. The number, "Kyrie Ehasson", with solos sung by Jeffrey Goldberg and Rachel Alvy, sent chills down the listeners' spines. Everyone should be proud of their performance.

Kennedy's jazz band got the audience hopping. Their swinging style was a pleasure to listen to. Sauce, Kennedy's first rock band, played up beat tunes; which started people's feet tapping. The symphonic sound of the orchestra gave the listener some classical entertainment.

Finally, the Kennedy band, bedecked in their new uniforms, performed. They gave a great taste of the holiday spirit by playing both Christmas carols and Hanukah songs.

The great harmony of John F Kennedy High School burst out at the Winter Concert

### DRAMA

I ME STW BEE CLOSE ALL THE BETTE

On November 12th and 13th Neil Simon's "Odd Couple" was vividly portrayed by Kennedy's drama club. The first night over 500 tickets were sold. Lead protagonists were played by Stewart Grabelsky in the role of Oscar Madison and Jason Pascal in the role of Felix Unger. The characters were depicted so well that until the curtain call we were all convinced Jason suffered from acute sinus attacks and Stew was a walking health. violation, Gary Bornstein, Josh Wein, Brad Geller and Howard Goldstein; otherwise known as Speed, Murray, Roy, and Vinnie; played their supporting roles as the poker players very well. Fran Levy and Priscilla Morrisett had the entire audience believing they were in reality the British "Coocoo Pigeon Sisters." The production was directed by Mr. Robert Smolensky. A fabulous job was done by all.

### SENIOR CLASS ELECTIONS

The Candidates. - Lori Goldstein, Robin Hirsch, Mike Passuello, David Silverstein, Danny Agrons, and Mark Lande

S remember vite rime Un Kushner

Howard to diendes hacri ly borts impersor it in

On a warm, spring day in May the class of '88 filed into the auditorium to decide who would be elected as their senior class officials. Everyone expected the speeches to be long and boring, with candidates rattling off lengthy lists of credentials and campaign promises. Instead, the speeches delivered were clever and funny, capturing the attention of the entire class

The speeches began with the candidates for Prom Chairpeople. From the many candidates who ran, the class. chose Uri Kushner and Seth Wernick to coordinate the prom.

The next speakers were Kevin Ascher and Matt Katzeff Since Key 1 A GITTE HE STATE TO STATE tary, we reelected him this year as sentor class Treasurer.

For the office Secretary there were three candidates; Amy Gold, Blythe Lovinger, and Seth Taras (from the Mike, Danny, and Seth campaign) With her good qualifications and personal charm, Blythe became the senior class Secretary

Danny Aarons and Mark Lande were the two candidates for Vice President. For this race, the competition was tough and the vote was close. Despite Danny's part of the Mike; Danny, and Seth campaign, Mark was elected Vice President

The final speeches were for the office of President. It was at this time we learned how Mike Passuella spends his Friday nights, in his basement, with the lights out, pondering how he can help improve Kennedy High School and the class of '88. David Silverstein informed us that he has the unique quality of having suffered from the chicken pox . . . twicel David also made one of the most impressive campaign promises; to get doors on the stalls in the boys' bath rooms. Probably the most memorable speech of all was given by Howard Goldstein Howard faced the class in all white and spoke with fervor and emotion. The speech ended with Howard on the floor exclaiming that if he does not uphold his campaign promises he should be struck down by lightening. Despite Mike's pensive ness and David's door promise Howard became President

A successful fundraiser run through the Key Club was the volleyball challenge. What happened here was that the girls' volleyball team challenged the boys football team to five volleyball games. Students bet on who would win and pledged money that was to be donated to the Make-a-Wish charity. This charto to vesto grant a dving childs The results? The girls volleyball team won! - four games to one. We thank everyone who helped this and helped the children's wishes become a reality.

### **BLOOD DRIVE**

A story early to Brad liker and the City

On Monday, February 1, 1988, the students willing put out their arms to save lives of others. The Kennedy Blood Drive was more successful this year than ever before. Eighty-six people, all being seventeen years or over, had a permission slip signed and went down to the GI room. which was set up like a mini hospital to donate their blood. The drive was organized by the Key Club. To help students get over their fear and realize just how important their blood was, Carol Weiss came in to tell us of her fears and how she tackled them. On behalf of the Key Club and those who used the blood we thank the students who participated

And when I was six I stubbed my toe. - Un Kushner

Michelle Cohen and Eric Sherman playing doctor

### FRUIT SALE

That makes 38 boxes. Done, finally What, you want me to move them where?

"This fruit is beavy "

The fruit reason

The overwhelming pungent odor of grapefruits and oranges hung in the air of the vocal music room as the annual fruit sale got underway on November 18th Scores of chairs, desks, and even the piano were pushed out to make way for the 1600 crates of fruit which traveled from the groves of Florida to the streets of Bellmore. Fruit is sold to friends, teachers, and neighbors of the music students in order to raise funds for the choir, orchestra and band.

### CONSTITUTION DAY

The All American teams - Islew Grabe sky, Lance H. Ori. And Scott. and Mixe President

Happy Anniversary! It's been 200 years since the Fathers of our country signed the Constitution and made it the Supreme Law of the land. Under guidance of Mr. Dubin the bicentennial committee was founded

The first order of business was to inform the student body of significant events. Red, White and Blue Day was a good success. Students were puzzted by the various posters posted on the school walls ... who was Daniel of St. Thomas Jenuter Do you know Abraham Few? and everyone looked forward to homeroom to hear Mr. Dubin's trivia challenge

### FIRE DRILLS

har my extens a lescen-

TSU LAT 2 - Time to go back to class

Kentucks of depts coken with terrescript to be happeness?

A shiny red fire engine

Come on, be honest! How many times have you been sitting in class totally bored or confused just praying for a fire drill? Admit it; this feeling crosses one's mind at least a hundred times during a high school carrier.

Whether you prayed for the fire drill to get the answer to a test question, to find out what happened in Calc, to see your latest beart throb, to hear the latest gossip, or just to break the monotony of class, it's still the same. How could anyone forget the beginning of the '87-'88 school year? Did you see all those shiny red fire engines? How many people really thought there was a fire or at the very least a bomb scare? So, next time you're in Chem praying for a fire drill, remember you're not the only one. Do they have fire drills in college ...

# club kennedy

Contrary to popular belief, the entire student body does not go home at 2:50 PM every day. A large number of students are involved in at least one of the many clubs at Kennedy.

There is an organization for everyone. The clubs are as diverse as the interests of the student body and they all have different goals and serve different functions. The clubs hold meetings, organize fundraisers, support charities, work for causes, produce yearbooks and magazines, and compete with other schools.

Going to school, sitting in classes, taking tests, listening to boring lessons, and then going home when the bell rings at the end of eighth period is not what high school is all about. If

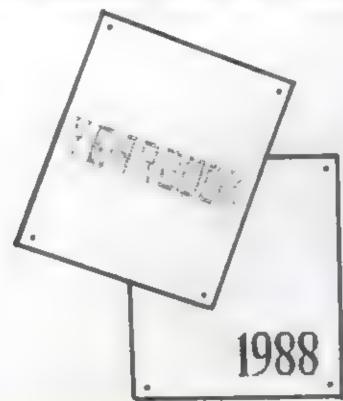

you are not part of a club, you are really missing out.

So, what's your thing? Are you interested in acting? — join the drama club... In speaking out? — consider the debate team ... In school functions? — how about the student government... In your class? — freshman class, sophomore class, junior class, and senior class... In writing? — Cougar Crier, Magnum Opus and yearbook... In helping others? — the Key Club and the Yorker Club... In becoming a lawyer? — the Mock Trial team ... In business? — the Future Business Leaders of America... In foreign language? — the language newspaper... In science? — the science research club... Would you like to help others adjust? — try Peer Leadership... In academics? — How about It's Academic and the math team... Do you feel the need to exercise and jump around? — join Kickline and Cheerleading... for those musically inclined — try band, choir, and orchestra... Do you like to take pictures? — the photo club... If you like helping teachers — the AV squad... If you're never late to homeroom — PA squad...

So now that we've made you aware of the excitement that continues after school hours you want to know what to do about it. You think that just because you're a senior clubs have nothing to do with your life. Well, if you missed all these great opportunities remember that college has all sorts of things for you to join. Clubs are a great way to meet new

people and make new friends.

### SENIOR CLASS

I o Rafs the Lo ser

Promit rappers. H. ward team there between Mark Lande - Vice President

A Class with Cass

The Senior Class showed an unusual amount of enthusiasm during their election last spring and continued to show a lot of spirit throughout the year.

This year's senior class has performed the usual tasks of collecting money for caps and gowns, organizing an alumni reception, and sponsoring a Valentine's Day flower sale. They also organized the first Homecoming Parade that the student body has seen, sold "Kennedy — Class of 1988" sweatshirts, supported Down Syndrome and put extra efforts into making the 1988 senior prom the best Kennedy has ever seen

The Senior Class Officers thank their fellow classmates for standing behind them and helping them to make the 1987-1988 school year an exceptional one!

### FRESHMEN CLASS

President Ar bew Hart
Var President Le two Serri
Secretary Jessica Silverstein
17 Serritary Hunter Gold

It's a Kennedy first — freshmen in high school, and they're off to a terrific start. The Freshmen class is advised by Ms. Rahner. Their first big fundraiser was a magazine drive and it was a big success. Kennedy High School welcomes the freshmen and those to enter in the years ahead.

### SOPHOMORE CLASS

Preschet and Stag Orients
Stage 1988 Robbie Morris
Trees of Linda Werbel

As a fundraiser the class has sold Kennedy Cougar sweatshirts and headbands to show us a spirited look. They were involved with the Spike for Life volleybali fund raiser and also sponsored the candy raffle. Advisor Mrs. Risberg is pleased with their effort

### JUNIOR CLASS

President A Clother Vice President Matthew S hale Secretary at th Paris Treasurer S at these

This year's junior class ignited more sparks than ever before. They were active participants in various Kennedy functions such as homecoming and class night. To raise tunds for both themselves and charity, they sold jerseys and mirrors for lockers. The officers, along with advisor Ms. Shluker, hope that the spirit of the junior class reflects the positive attitudes and high spirits of John F. Kennedy High School as a whole.

This year was a memorable one for Kennedy's Debate Team. More students were accepted to the team and it was a strong and competitive one. The team hosted a tournament at Kennedy as well as attended tournaments all over Long Island. Members of the team will hopefully have competed in the State Competition held in Albany.

The team decided to compete in the Lincoln-Douglas tournaments rather than the team debates of previous years. This was met with enthusiasm and each member had the opportunity to take charge of his own round, rather than rely upon other members. It was a year filled with change, work, and dedication. Through debate, the team's members have learned to effectively express their views to others. We have enjoyed representing K and decided in the team's at the later than the second sec

### KEY CLUB

stein, Faith Pans, and Jeff Auerbach

The John F. Kennedy Kev Club has gotten off to a great start with over sixty members. The Key Club has done many fun filled activities which benefited many people who are in need of help. Some activities already accomplished are the Volley ball Tournament for the "Make-a-Wish" Foundation. Campbell's Labels for the Little School, and the Blood Drive.

This year has been good and we are hoping for even better years to come. There are many people who should be thanked for their help during this year. One major person is Mr. Shaldone, our advisor.

The purpose of Key Club is very simple, to help the community and the needy people in the world. Key Club is a group of caring people who want to change the lives of a few unfortunate people. In the future we hope to have many more activities which will enrich our lives and our hearts.

Officers

President — Richard Knee

Vice President - Szu Shun Huang

Secretary - Dawn Zurott

Co-editor of the Newspaper - David Gould

Co-editor of the Newspaper — Susan Timberlake

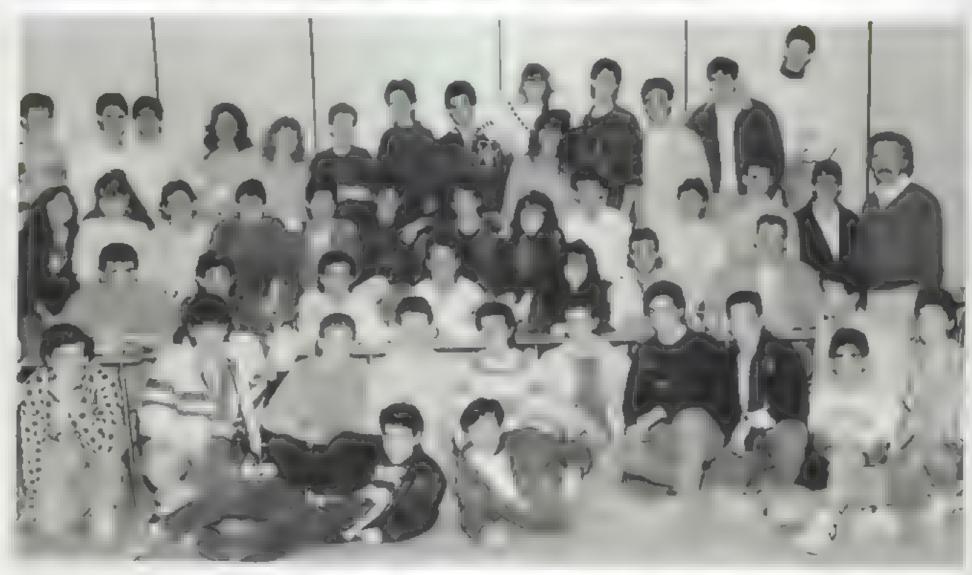

With great enthusiasm in their quest for scientific knowledge, members of the science research club gather together under the supervision of Mr. Blunt.

Behavior in Giant Cockroaches Liver Fluke Infection of Local Snails, and Effects of Foods on the Coloration of the Painted Lady Bug are some of the many unique and controversial ideas requiring closer investigations. The hypotheses are researched and experiments are performed. The conclusions are painstakingly written out and put on display. The hard work of the researchers is rewarded by entrance into both local and national competitions such as Long Island Science Congress. Westinghouse Science Talent Search, and the Duracell Competition. This year Kennedy High School was represented in the Westinghouse Competition by Liz Hsia.

Every Tuesday after school in room 312, the diligent researchers may be seen buried in reference books, seeking concepts and facts to fortify and provide information for their research, or carrying out experiments

The Concert Choir is a select choral group chosen each year by audition. It is a performance - oriented ensemble for the advanced high school singers from grades 9-12. Types of music performed ranged from classical works to folk songs, pop songs, and jazz tunes with performances ranging from winter and spring concerts to commumty concerts and possible. trips to other cities at the end of each year.

Concerts are given twice a year and songs range from 3-part to 4 part classical and pop

### Band

This year's band was bigger and better than ever before. Our concerts were a "blast" and the new group "Sauce" became a part of the program.

Aside from our musical routine in school, the JFK band broadened its musical knowledge by attending several musical events. These included a chamber music performance at Lincoln Center, a spectacular holiday show at Radio City Music Hall and the off Broadway production of "The Fantastics".

This year the band raised money through the incredible amount of fruit sold in the fruit sale. This enabled the band to travel to Boston. Massachusetts, The concert was an overwhelming suc-

All of this, and much more, has made 1987-88 a super year for all band members'

## The Orchestra

Sometimes music can be just another period of the day, but this year's orches tra was a class to remember. The teacher was Mr. Roberet Smolensky; the predent, Nina Rogers; and the vice predent, Irma Dominguez The concert mistress was Dorothea Nicholas, and the other violinists were Nina Rogers, Glenna Berman, Natalie Goldenberg, and Irma Dominguez. Elena Ro and Alvee Rogers played the cello and Paul Garnock played the piano

This year the orchestra went on many exciting trips: Lincoln Center, Radio City Music Hall, an off Broadway production of "The Fantastics", and an overnight trip to Boston, to play in a music festival

In addition to all these trips, the orchestra also worked very hard this year, and performed in two concerts and played for graduation.

The 1987-88 year was a fabulous year tor the Kennedy orchestra and it will be fondly remembered by all of its members.

# HEBREW CLUB

Maria Sims, Marc Rosen, Dawn Zuroff, and Dan Mathisson

#### Officers

This year's new Hebrew Social Club has attracted many students interested in culture, history, and various points of interest affecting today's society. Led by advisor, Mr. Feld, the Hebrew Club planned fun filled events from Shabbatones and Lazer Rock to Bake Sales and Schlock Rock. Not only did we plan trips for our enjoyment, also we had fundraisers to help others including toys for tots and food and clothing drives. Every Tuesday was exciting at the Hebrew Social Club.

# FOREIGN LANGUAGE MAGAZINE

The new foreign language maga zine began this September. This effort was started by Mrs. Rothbiatt, the foreign language chairperson and headed by Mrs. Schwartz, a language teacher. The editors inchief are Mead Marguiles and Irma Dominguez. The faculty members hoped this new entity would interest everyone in a fun way, almost as an international Cougar Crief.

This year's issue contained advice columns, poems, creatives short stories, important international events, fun puzzles, games, and even your tavorite products advertised in six different languages including Spanish, French, and Italian The more unique tongues are Greek, Japanese, and Chinese.

The magazine, amazingly enough, meets expenses without any contributions from local boutiques and shops. The magazine's goal is to have more than one issue printed each year with contributions coming from outside of the school.

In it's third year, Kennedy's FBLA is looking forward to an exciting year Fifty two new members joined the club as of October 1. 1987

Kennedy's officers are: Costa

Boutis, President

Stoven Rubin, Vice President Debbie Lakas, Second Vice President

Dara Hantman, Secretary Debbae Davidson, Treasurer Norman Levinsohn, Parlia

mentarian Tom Lamendola, Reporter Michael Shaw, Activities Committee Chairman

The year began with Kennedy's officers attending the fall conterence at the State University of Farmingdale in October 1987

Plans for the 87-88 school year included hospital visits to Nassau County Medical Center and North Shore Hospital; local and state competitions in law, accounting, and business math; a trip to the Stock Exchange, and a spring fashion show

FBLA, even though a young club of Kennedy's extra-curricular activities is growing year to year. Ms. Magun, their advisor, salutes her officers for their undying efforts in expanding FBLA.

# MAGNUM OPUS

Mr. Swenson, Elena Ro. Matt Kirschenhaum, Debbie Siegal, and Dawn Zuruff.

Magnum Opus, Kennedy's literary magazine, is the place to express your feelings and stretch your imagination in the forms of prose, poetry, and artwork. It is the type of club that motivates you to write your best and demonstrate your talents. Devoted members work hard to bring their fellow students original and creative stories and poetry for their enjoyment.

Under the leadership of co-editors Debbie Stegal and Dawn Zuroff this year's magazine was better
than ever before. Production coordinators are Lisa Harter and Margaret. Lampasi. The photography
editor is Suzanne Sonner. The art
editor is Szu Shun Huang. They all
worked hard together until the final spring day when the issue came
out. A great job was done by all involved.

# A.V. SQUAD

On those days that you see film strips and slides in class-do you think anything of it? — probably not! Well this is because the AV squad of Kennedy High School runs smoothly. Thanks to the advising of Mr. Fenichel and his crew the technological and electric needs of the school are fulfilled

With it's three members, Mr Fenichel says, "We're small but efficient" The members include the President. Scott Bacharach, Jummy Clark, and Steven Wong. The squad specializes in taping football games, school plays and concerts. The AV Squad deserves a round of applicuse for a job well done!

Mr Fenichel, Jimmy Clark, Scott Bacharach, and Steven Wong

# MOCK TRIAL

Becom Mr Kitchina F zo Stat. Roma Actions Ambiened Karen Serepus Tammy Pearl and Mr Sapita

It's not Perry Mason and it's not L.A. Law. It is instead a realistic representation of what the world professional trial law is really like.

The Mock Trial program is popular in many schools throughout Long Island. Each team tackies the same case and prepares arguments for both the plaintiff the the defense sides. Two different schools, one representing the plaintiff, the other the defense, argue the case before a real judge in a Nassau County Court room. The team which wins the case receives points which enable them to advance to the next round of competition.

The team is coached by faculty advisor, Ted Sapeta and two professional attorneys, Mr. Joseph Quantella and Mr. Martin Katzman. A third attorney, Mr. Gary Goldstein, is eventually called in to ofter unbiased judgement in practice trials amongst the team

The Kennedy team will go up against Oceanside, Northport, and many other top-notch teams. The entire team is confident in having a successful year.

The Defense: Top: Rick Ostrove, Jason Begun, Brent Kaufman Bottom: Norman Levinsohn, Brian Kroll, and Mr. Sapeta

Practice makes perfect

Cougar cheerleaders get us psyched up at the pep rally.

Cheerles lers prepare for the homecoming parade

Bari Baim cheers us on to victors

Shouting, stamping, clapping jumping ... there's alot more to cheerleading than wearing a green skirt and saddle shoes and carrying pom poms. Practicing pyramids, doing splits, and arranging a half time routine takes time, group participation and most of all cooperation

Contrary to popular belief cheerleading isn't as glamorous as it seems. Cheerleaders don't only attend homecoming parades and sunny football games. They have to theer in the rain, at away games on Saturday mornings and must stay smiling and perky while we're los ing 22 0. And then there's all the time they spend practicing, cheering to empty hallways.

Then again cheerleading does have its rewarding times when we win a game and the fans get in-

So next time you see a cheerleader don't think — Look at that bimbo in the short skirt; instead look at them with admiration. Their constant support helps our teams win

## KICKLINE

Top new procedure and a special Cohen. Ram Nicholles. I be test a Milker of the milk of the second o

The 1987-88 Kennedy Kickline was better than ever before. The high-spirited, energetic dancers performed entertaining half time shows during Kennedy sporting events.

The Kickine was seen at football games in the fall and basketball games in the winter. For these two seasons they danced their way through a variety of routines to some up-to-date music. Songs included Shot Through the Heart, The Final Countdown, and Many, Many

Much of the Kickline's success is attributed to the girls themselves—their hard work, determination, and cooperation. At least two days each week was devoted to practice, to improve and expand the routines. However, they would not have been able to achieve this success without the supervision and guidance of Coach Sandy Miller. All the members work dibgently to attain that feeling of unity which is so necessary for their club.

The kickliners are led by tri-captains Christine Miller, Tara Miller and Leslie Sorkin.

## PEER LEADERSHIP

For Row (left to right): Un Kushner, Rachel Alvs. Laim Weinstein, Mark Lande, Frica Stephnaus, Lauren Sekuler Middle Row (left to right). Stefanie Isser, Sich Kosen, Troy Bolotnick, Kevin Ascher, Larad Fingerman, Evan Sich Louin Scholmen, Mitch Cohen Bottom Row (left to right). Ocelyn Herbst, Gina Gershlak, Jeffrey Michael, Lammy Pearl, Mark Greissinger.

Peerleaders left Knee, Kevin Ascher, Marc Greisamer, and Jeff Michael

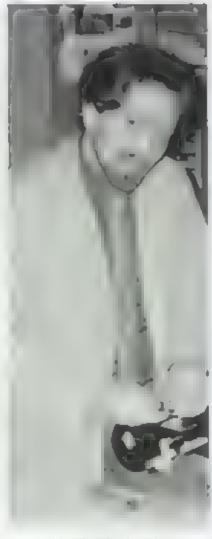

The superintendent of the Bellmore Merrick School District felt that a new program was needed in order to make the transition for minth graders into high school easier. Last May, a group of twenty-five well-rounded students were selected by the administration. The group travelled to Merrick Avenue Junior High and Grand Avenue Junior High where they were asked such questions as "Can we go out to lunch?", "Will the older kids pick on us?", and "Are the teachers really hard?" The peer leaders tried to answer as candidly as possible. Once again in August, the peer leaders and the ninth graders met at Kennedy to answer any last minute questions and to give them a tour of the school.

Throughout the year, the freshmen and the leaders met to discuss views and help with any problems that may have arisen. The purpose of this group is to allow the freshmen to adjust quicker to high school and to hear any criticisms they might have. This is a new concept and so far has been very beneficial. Mr. Yelton and Ms. Sullivan are the advisors of the group. Peer leaders are: Rachel Alvy, Kevin Ascher, Troy Bolotnick, Lara Chait, Mitchell Cohen, Steh Dinowitz, Jarad Fingerman, Gina Gershlak. Stewart Grabelsky, Marc Greilsamer, Jocelvn Herbst, Stefame Isser, Jeffrey Knee, Suzanne Krieger, Uri Kushner, Mark Lande, Karen Lynn, Jeffrey Michael, Tamara Pearl, David Reisfeld, Seth Rosen, Ken Rosner, Lauren Sekuler, Evan Sirof. David Solomon, Erica Steinhaus, Brian Vaughn, Tami Weinstein, and Marc Zisselman.

# PHOTOGRAPHY CLUB

The way we were

Mr. Booth, the ad

Sheri Landau receives instructions on how to load a camera from Liz Man

"Photography is a new friend, a path to follow, an art," Mr. Booth said with a smile "What I am trying to do is to illustrate in a visual sense, through my students, that photography is all these things and more."

This year, a newly established photography club was organized under the supervision of Mr. Booth. For those interested in photography, and those who have taken Photography I and II, this is an excellent club to join to explore the realm of work, shooting portraits, processing negatives, and developing pictures. The club has provided shots for the Yearbook. Magnum Opus, and Cougar Crier. The ultimate goal of the club is to publish a magazine of their own, which would be a collection of extraordinary photographs taken by the members.

The senior class looks down on them. They are immature children. And some of them most definitely do not belong in high school.

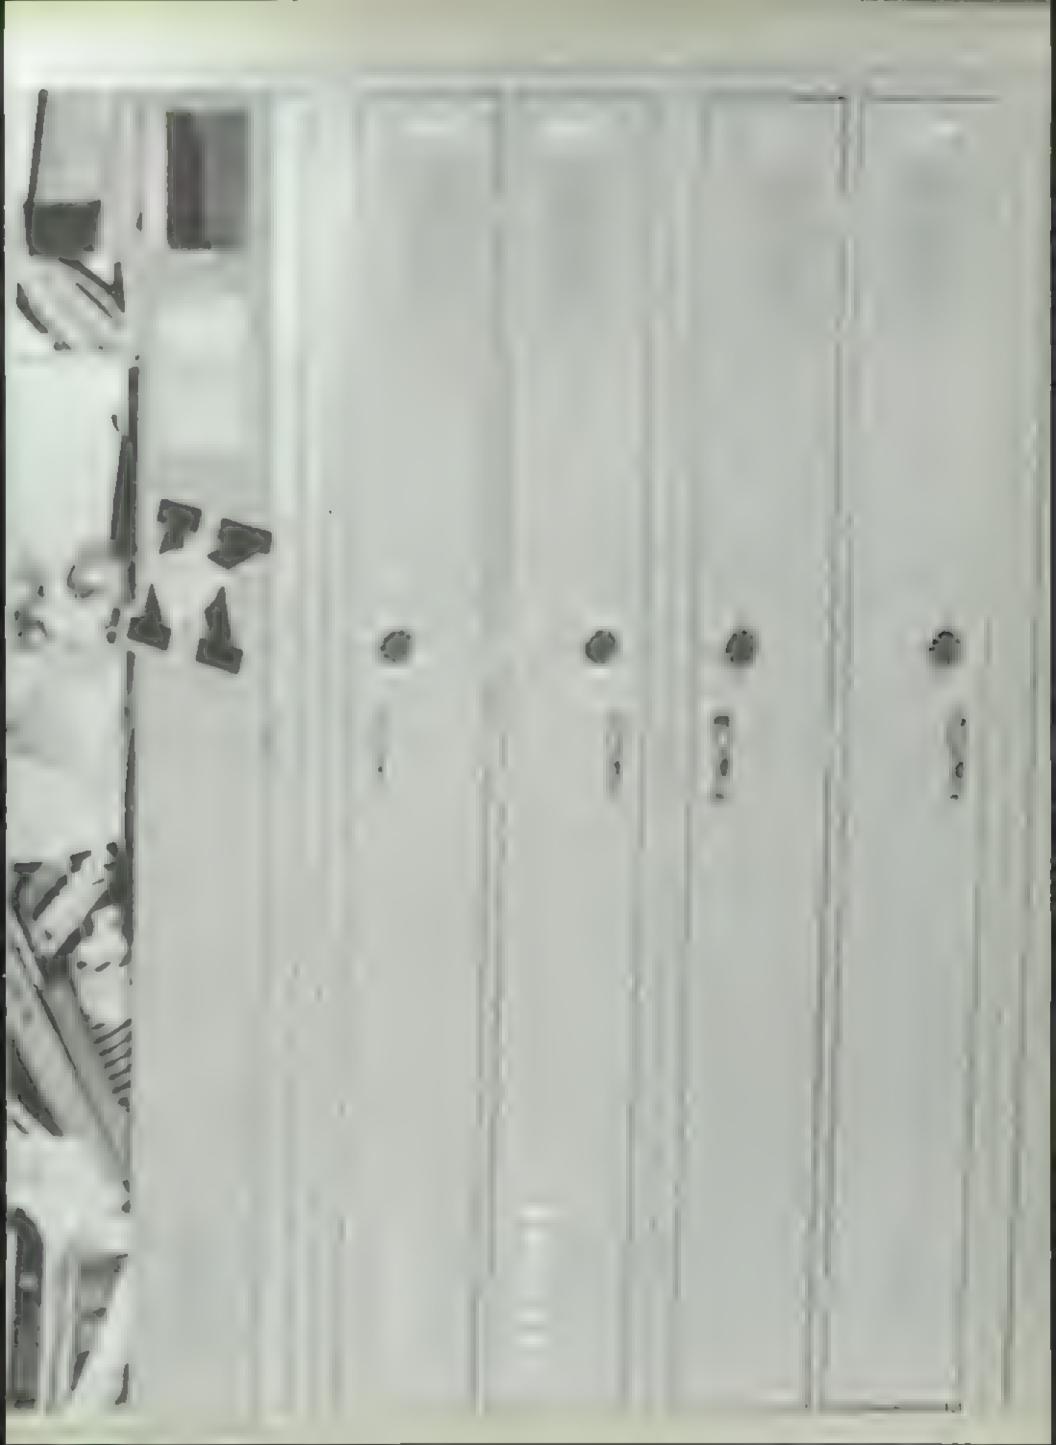

Yet they are an important part of the student body. What would high school be without them? Underclassmen can be found in the halls, in the bathrooms, studying in the resource centers and eating in the cafeterias.

The high school scene is a new world for freshmen. They are faced with new classmates, new teachers, a new school building, and new rules.

Sophomores are already used to Kennedy and what high school has to offer. They get the new privilege of being allowed to leave school for lunch.

Juniors have to cope with a very challenging academic year and the added pressure of the SATs and Achievement tests. They start taking driver's ed and getting their licenses. They look forward to becoming seniors and "ruling the school." As soon as they become seniors, they look down at the underclassmen with disdain. How quickly they forget that they, too, were once just underclassmen

Don't worry underclassmen, — your time will come to hold the torch.

# UNDERCLASSMEN

You were astonished, if not utterly surprised, when the unexpected news came. Your most dreaded nightmare was just confirmed. Mom was pregnant!! You were unwillingly giving up your title of 'The Baby". You would now be known as "The Middle Child"

Well I'm sorry to inform you, but, yes, history is now repeating itself, as we have entered our junior year in high school We haven't yet reached the great eupho ria you experience as a Senior, and yet that sophomore year seems ancient. We have reached the end point of our high school career. So what do we do??

First, we must look on the bright side

We have been through so much and have even more to experience. As juniors, we are terribly strained from everyday homework to the future SAT's. At times it seems almost unbearable, as we stay up burning the midnight oil. But there are some events to look forward to as juniors that are soon to be within our reach. The Prom and Graduation are at the top of our lists

But these hard times will slowly di minish and the good times will roll in The curse of the middle child will soon come to an end for us. We will journey to our next level of higher education, the senior level, or shall I say, the first born'

# ACADEMIC LIFE

Reading and 'riting and 'rithmetic... the famous three r's straight out of a children's rhyme. We've learned that and so much more in the gray, three-story brick building that we first set foot in three years ago. Since that day, we've been exposed to Shakespeare and computers, Calculus and World War II, Spanish and Chemistry, and everything in between. Academics are the most important part of Kennedy, although some like to think their social life comes first. When the alarm clock rings so early every morning, we force ourselves to wake up and come to school to learn, to increase our knowledge and broaden our horizons. Kennedy High School, the classes we've taken and the material we've been taught, has helped prepare us for the future — college, work, and the events that will follow.

# LABS

Tors Bets, in

Congratulations it's a boy. - Tom Lomenda and Brent Kaufman

Dead animals, smoke hombs, and weird smelling chemicals. Black table tops, sinks, and bunsen burners. Science labs, a fate worse than death. You thought that one period of science was bad enough but an hour and a half of science could be compared to one's worst nightmare.

Not only do you have to keep track of the days so you don't miss lab, but sometimes you even have to give up lunch. Think about it, instead of hanging out with your friends at Burger King or Bagel City, you are in a room wearing a black apron and goggles discovering the empirical formula for carbon dioxide, which is easily shown in your textbook. So, why do you have to do this, you ask. It may be a form of torture. But teachers say no. They are incomprehensible.

Harder to understand than the teacher who chooses to teach science for his entire life are the Seniors who take Physics or AP Bio and have lab in their Senior year. Why torture yourself if you don't have to. One memorable high school experience along with the Prom is definitely labs!!"

"Are you sure it's supposed to be smoking?" - Laura Brecher and Evan Krauss

# THE LIBRARY

Co sa t. Cat. - Matthew Kirschenbaum

A senior course, Brace, et Molong 101, - Jody Santorn and Beth Kornblatt

Life in the library is not the quiet atmosphere that it should be. Small groups gather at tables and discuss their weekend plans. When the low rumble of votces becomes a loud roar Mrs. Stone screams out her infamous "Felks." And the roar goes down for about five minutes until she yells again.

The books on the shelves only gather dust but that rare time a student does want to take out a book they are bassled to produce their bitrary eard. Do they really think I have that? I lost it before I lost my schedule about four days into the school year.

One familiar phrase beard in the bleary is "If you have nothing to do don't don't here. Get out." Although semiors usually quiet down and pretend to work by cummaging through their forders and fustling papers, if you haven't been thrown out of the library at least once, you probably don't deserve to graduate or you we never epiered it.

There is really not too much more to say about the Kennedy library (because after all a library is a library) except that it is a pretty nice place and it serves its purpose.

De verre ly the k I m working

Racher 1

Work fast, another reference book not allowed to leave the library Robyn Labiner

# THE RESOURCE CENTER

Lara Chart. Suzette Friedman, and Jarad Fingerman in the resource center... the gates are locked

You press this button here?" - Meri Berger

Oh no, not again'

Whether you're a language at ident or not the anguage resource center undoubtedly has been a part of your years at Kennedy

Was back in tenth grade, when there was such a thing as "enrichment language resource center was the "paice to be" when you got locky and one of your teachers was absent for the day. It was where you went to hang out and talk to your friends. With ag tables and chairs and a great view overlook in the student parking lot the language resource center attracted a good number of students.

In eleventh grade ourschment was taken away but the resource center remained popular because we usually had to stay in school during our free periods due to lack of a car

Our senior year, the language resource center was still somewhat of a tradition in soon scene larging periods one two, and three when the gittes were alosed and we couldn't go not for breakfast.

Mrs. Ball, who is as non-mous with the large age resource center, remands exercing that some perple funderelassment do have work to do than going assagaments that require the use of tapes and headphones. And she also tells us that our biggest fault is patting our feet on the laratters. We don't do that at home, or do we?"

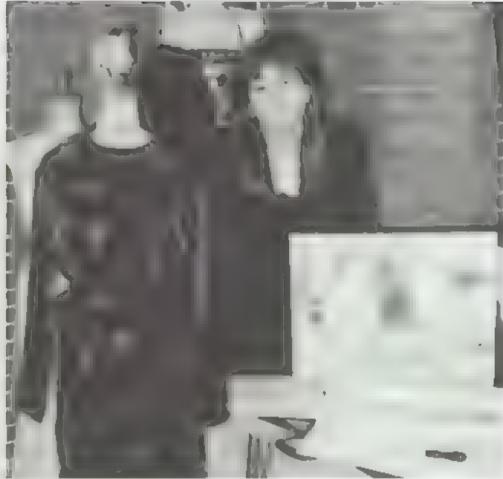

The science resource center is the best place to go to take a test because it is quiet. Or if you re an underclassman with a study hall you may go to the Social resource center to hing, six or do work.

The resource centers are fun places to bring your academic life and your social afe together to har in our as the

Yes Mrs. Baff I do put my feet on the furniture at home." - Jamie Feldman

# BOCES

and how ato the are a good Rost

A Brack F. H

Neil Diamond observing the screen with a practiced eye

There is so much more to the BOCES program than shop classes. BOCES is for those students with outside interests in classes that Kennedy does not offer. It helps the students prepare for college, for work, for the future.

Kennedy High School students are involved with two BOCES schools. The cultural arts center caters to those with an interest in the performing arts. They offer classes in singing, drama, and various types such as jazz, modern, and ballet. Nassau Tech offers vocational classes where students can study anything from plumbing to fashion design, computer to culinary arts, auto mechanics to aviation, or printing to animal care.

We would like to congratulate Stacey Lifton, a Kennedy senior in the second year of advanced culturary services program at Nassau Tech. Stacey won a statesman award at a leadership conterence held by the New York State Vocational Industrial Clubs of America. Stacey is also the president of the VICA club in her school.

Yes we ready made the same Sacts Lifton and Marc Greenbers

If you press this button it tunes right into Mr. Cohen's office. - David DeRuia

wither you win Grean bank

Damouis it really works. - Stewart Lewis

Statie Stern hard at work

Dear Anybody,

Hi What's up? I'm in English, Only 40 minutes to the bell, I can't wait to get to my next class, lunch. I guess I shouldn't bedreaming about lunch instead of paving attention but it's so hard to concentrate. Gosh, I hope the teacher doesn't call on me, I have no clue what's going on. If he does I'll just stammer and blush until be calls on someone else. The class is okay but I just wish I had a friend to talk to. My best friend sits next to me in math and we never stop talking, this way the time goes quickly. We all know how math can be. If you haven't already. guessed I'm writing you this to help the time pass. Oh no, the teacher is coming so I have to stop for a minute. Hi, I'm back. Only 20 minutes to go. A few minutes ago I got caught chewing gum so now the teacher is angry and he's watching me. (He thinks I'm taking notes right now.) The person next to me is doing homework. Oh, that reminds me I have Spanish to do; I can do that in Social I feel really bad for the teacher, no one is paying any attention, (except the kids in the front row.) Oh no, the teacher just called on me, gotta go.

Love, Somebody

# Department Chairpeople

The idea of subject charpeople in the Bellmore-Merrick School District is new this year. Each charperson oversees the teachers of their particular subject and coordinates academic as well as specialized areas.

Each chairperson teaches one period a day in one of the three high schools. Their remaining time is dedicated to working on their curriculum to keep it competitive with other high schools, and to observe teachers in their subject.

If this year is an indication of the success of this program it will be around for a long time.

Mrs. Zimmerman and Mark Lande

Marc Zisselman and Mr. Reinhard

Looks like hard work, doesn't it? George Liesegam

#### DID YOU KNOW

with the exception of Mrs. Ostberg, who grew up in I prope, Mrs. Bloodgood who spent part of her childhood in New Jersey, and Mr. Mack and Mr. Schmidt who spent at least part of their childhood in Massachusetts, almost all of our faculty grew up in New York

Ms. Redling and Mrs. Katz both graduated from Mepham High School?

when asked if they have traveled to any unusual places; Mr. Cohen, Mr. Blum, and Mr. Booth all answered, "Yes JFK."

it has cores and it cousts in the six a mark it is . Merci

Love JODY

# At the stroke of 2:50, the bell rang and we passed the torch on ...

True, this is an ending, although optimists will call it a beginning Our high school days are over, but our education will continue. It was in these hal ways that a foundation of knowledge and wisdom was laid, and we will continue to build on this foundation by facing new challenges, meeting different people, learning new ideas, and making difficult decisions as we broaden our horizons.

Our gathering of little i's, that once formed a we, will disperse from each other and harmonize with society. However, there will always be the ties that bond and hold us united. Everyone says that the high school years are the best years. We have been through so much. We have learned, we have laighed, we have cried, we have been disappointed and often surprised. Good times and bad were shared, memories will be treasured, and friendships never forgotten.

We take with us this foundation of accomplishments and memories as we leave the familiar streets of Merrick and Bellmore in order to help better ourselves and light the future of America.
